30% PCW

Corner Rounding

50 cents per piece.

Envelope Liners

\$1-\$2 each. Please inquire for more information.

Our Environmental Practices

We love the Earth and are committed to using environmentally conscious studio practices. We use rubber-based inks and biodegradable citrus-based solvents for press clean-up. We print on 100% tree-free cotton papers (made from reclaimed cotton) or recycled papers that contain at least 30% post-consumer waste. We either re-use or recycle our office and shipping supplies.

Please let us know if you have any questions about our materials or practices.
